2018 / 2019 SEASON League: North | West

MAIN CLUB SPONSOR

A.W. Jenkinson

KIT SPONSORS

Saturday 17th November 2018

Penrith

VS

Warrington

Match Sponsor

Armstrong Watson

The club extends a very warm welcome to all the players, officials and supporters of Warrington. A glance at the league table below will show you both clubs' playing records are the same with five wins out of nine. Their points difference is a lump better than ours but we have picked up two more bonus points than them which puts us one place higher in the standings. All that suggests it will be a close game this afternoon with both sides looking to close in on the top spots. Points difference highlights or season to date, only the top two in the league have scored more than us and only De La Salle at the bottom have conceded more!!

We would like to thank today's matchday sponsor ARMSTRONG WATSON for their support which is very much appreciated. We hope they and their guests have a good afternoon and enjoy a decent game of rugby. A thank you also to "PFK - Keeping Property Simple" who are sponsoring match balls this season.

A warm welcome also to our referee today, Tyrone Castles. It's club policy, but more importantly good manners not to abuse the referee so your help would be greatly appreciated. It goes without saying, no ref, no game

Have you seen the club's website, match reports, lots of photos, access to the club shop, coverage of all the senior sides as well as all the kids, worth a log on at:-http://www.pitchero.com/clubs/penrithrufc/

TEAM NEWS

We come into this game off the back of two decent away wins, last week at Carlisle was a bit of a strange one. Both sides had numerous changes, Carlisle probably more than ourselves. We put out the best side we could but Presto didn't risk anyone with a bit of a knock or niggle and it did give the chance for a few out of the seconds to shine. As 29-7 suggests we won reasonably easy enough. We might have won by more but half way through the first half one of their lads was badly injured so we moved on to the 2nd team pitch that was much narrower and rather cramped our free running style of rugby. The week before at Anselmians was a really good win, the league table shows them second from bottom but they were a better side than that, on a different day with one or two missing and a poorer attitude we could well have come away with nothing. As it was they came at us hard in the first half when there was very little in it but we scored either side of half time and then rather ran away with it and scored some good tries. None better than the one started by Jay Rossi from behind his own line and finished by Macca running it in from his own 22.

I wrote after the game if Presto could turn that pack out every week we would move up the league! Well we'll see as it is virtually the same pack. Kiwi, Ryan Lee, starts his first home game after having two stormers away from home. McDowell joins him in the front row and is the only addition to the "Anselmian's" pack and Dougie's technical expertise always adds something to the side. Stevo and Hoggy are in the second row and the pair of them do add a fair bit of grunt to proceedings. The only good thing to come out of Tunny twisting his knee in the last home game is the return of Michael Raine, what a good game a fortnight ago, and a try. One training session and he picked the pace of the game up immediately, enough said! Dan Greenwood seems to improve with every game on the flank and he is partnered by Tom Lindsay. Howie owes Tom a pint after last week when Tom hit a Carlisle player trying to run the ball from behind his own line, the ball lobbed gently into the air for Adam to catch it and dot it down to score, his Grannie could have managed! In the backs it is the usual perm any seven from eight and this time it is Felly who gets the short straw and gets to sit on the bench. Matt with his knees and George with his shoulder were rested last week so they should be back refreshed.

It will not be easy as Warrington have had some decent results so far this season but if we start the game at pace and with a positive attitude home advantage should be enough..... BEST OF LUCK LADS
